GRASSFED-PASTUREFED BEEF CATTLE NUTS

High protein, high fibre, large pellets (nuts) for convenient and economic supplementary feeding of young Beef Cattle of 250kg+ liveweight, within Grassfed and Pasturefed production assurance systems. NOTE: This product may not be available during periods of the year due to the lack of supply of suitable non-grain raw materials. The unavailable period is generally between October and March – subject to seasonal changes.

FEATURES: All ingredients in this product are approved to meet the standards for use within the JBS Farm Assurance Grassfed programme and the Cattle Council Pasturefed Cattle Assurance System (PCAS) The pellet formula does not contain any grains or grain by-products. Easy to transport and store, ideal for ground trailing, or in troughs for supplemental feeding in grazing.

INGREDIENTS: Ground Fibre (Straw, Canola hay, Milled Almond Hulls), Oilseed Protein Meals, Molasses, Lime, Bentonite, Salt, Canola Oil, Magnesium Oxide, Vitamin/Mineral Cattle Premix, Achieve DFM (a yeast-based probiotic).

NUTRIENT SPECIFICATIONS: Dry Matter basis	
Protein	21.5%
Energy (Ruminant ME)	10 Mj/kg
Crude Fibre	19.5%
NDF	34%
Starch	1%

SPECIAL INCLUSIONS, MEDICATIONS, WARNINGS:
This product formula does not contain urea.
This product formula does not contain HGP's, ionophores or other antibiotics.
This product does not contain restricted animal material.

HOW TO FEED: Controlled and gradual feeding of pellets is important to introduce animals to a change in their diet. Although they contain high effective fibre and low starch, it is recommended that, as with any feed, an initial diet adaptation period be followed. Give special attention to controlling the introduction to excessively hungry or drought-affected animals. Over the first 10 days, feed small controlled amounts of pellets, along with fibre roughage, starting with 0.2% of bodyweight per day, and gradually increase the amount fed per day, to a feed rate of around 4-6 kg/head/day or 3% of liveweight on a Dry matter basis.
After the introduction period, these feed pellets can be fed free choice, along with grazing or other forage/fibre sources.
Ensure that clean fresh water is available always.

OTHER INFORMATION: **Products are available in Bulk and 1T Bulka Bags**
