

RIVERINA

SUSTAIN 12 NUTS / PELLETS

PRODUCT DESCRIPTION

RIVERINA SUSTAIN 12 NUTS / PELLETS are a supplementary feed for Sheep and Cattle to be fed in conjunction with roughage (hay and or pasture). This feed is a low protein 'cool' ration ideal for controlled growth or breeder maintenance.

TYPICAL COMPOSITION

- Barley, sorghum, other cereal grains, millrun, vegetable protein meals, legumes, molasses, vegetable oil, limestone, dicalcium phosphate, buffer, salt, ammonium sulphate, mould inhibitor, Riverina ruminant vitamin & mineral premix.
- Base raw materials may gradually change seasonally.

DIRECTIONS FOR USE

- **THIS IS NOT A COMPLETE FEED.** It must be fed with hay, silage and / or abundant pasture.
- The nut is ideal for feeding sheep on the ground either in clumps or trailed out.
- When feeding cattle, troughs are preferred over feeding on the ground as it will reduce wastage.
- Whatever the method of feeding, it is important that there is enough trough space or there is enough feed on the ground so all animals can eat at once. This will help stop "bullies" over-consuming the pellets.
- Listed below are some suggested feeding rates for SUSTAIN 12 NUTS / PELLETS. These feeding rates are approximate values and should only be used as a guide. The level of feeding will be determined by pasture quality and animal condition.

Animal Type	Approximate Feeding Rate
Young lambs and wethers	Up to 100 grams per day
Ewes with young lambs	Up to 500 grams per day
Cattle-weaners	Up to 2.0 kg per day
Cattle-steers	Up to 3.0 kg per day
Cows with calves	Up to 5.0 kg per day

- It is important to adapt stock to SUSTAIN 12 NUTS / PELLETS. It is recommended that feed intakes be increased gradually over a 3 week period to minimise the risk of digestive upsets.
- Clean, fresh water must be available at all times.
- Consult your Riverina Representative to help design an effective feeding program for your farm.

NUTRITIONAL ANALYSIS

PROTEIN	%	MIN:	12.00
EQUIV CP	%	MAX:	0.50
CALCIUM	%	MIN:	1.20
PHOSPHORUS	%	MIN:	0.50
SALT	%	:	1.00 - 1.50
VITAMIN A	iu/kg	:	6,700.00
VITAMIN D3	iu/kg	:	800.00
VITAMIN E	mg/kg	:	25.00
IRON	mg/kg	:	50.00
IODINE	mg/kg	:	0.50
COBALT	mg/kg	:	0.50
COPPER	mg/kg	:	NIL
MANGANESE	mg/kg	:	40.00
SELENIUM	mg/kg	:	0.10
ZINC	mg/kg	:	40.00

FEATURES

- Available in a pellet or nut.
- SUSTAIN 12 NUTS / PELLETS are a safe feed using slowly digested ingredients.

QUALITY PRODUCT

- Manufactured to strict quality control standards for incoming raw materials and the finished product.
- Formulated in accordance with current research into ruminant nutrition and mixed using a variety of quality raw materials.

WITHHOLDING PERIOD

Meat - Nil.
Milk - Nil.

WARNING

Feed only to sheep and cattle.

STORAGE

[Cool, shaded, dry conditions, away from vermin.](#)

BEST BEFORE

[Six months from the date of manufacture.](#)

PACK SIZE

20kg woven polypropylene bags.
Bulk: Please contact your Riverina Sales Representative.

This feed is scientifically formulated for the intended species of animal and should not be fed to any other animal. It may contain medication and ingredients that may prove harmful if fed to other species.
