## TURKEY GROWER PELLETS (Medicated)

### PRODUCT DESCRIPTION

*RIVERINA TURKEY GROWER PELLETS (Medicated)* are a complete feed for growing & finishing turkeys. This feed is the second stage in a two stage feeding program for growing turkeys.

### TYPICAL COMPOSITION

- Wheat, maize, sorghum, bran and pollard, a combination of protein meals (cottonseed meal, soybean meal, canola meal, sunflower meal, blood meal, meat meal), vegetable oil, limestone, sodium bicarbonate, salt, choline chloride, amino acids, mould inhibitor, Bovatec®, Riverina vitamin & mineral premix.
- Base raw materials may gradually change seasonally

### DIRECTIONS FOR USE

- Feed *RIVERINA TURKEY GROWER PELLETS (Medicated)* from eight weeks of age through to slaughter weight.
- This feed is a complete feed. No supplementary feeding is necessary.
- Turkey poults should have unlimited access to the feed (*ad lib*).

Age of Birds	Approximate Feed Consumption (per head per day)
Week 8	175 - 240 grams
Week 10	230 - 330 grams
Week 12	280 - 420 grams
Week 14	320 - 490 grams
Week 16	320 - 560 grams
Week 18	320 - 620 grams
Week 20	320 - 650 grams
Week 22	320 - 680 grams
Week 24	320 - 710 grams

- The above feed intakes are only indicative. Feed intakes will vary with the season, sex of the bird, lighting, shed conditions, disease status and other environmental conditions.
- Environmental conditions including temperature and hygiene are of vital importance during the rearing period.
- A self-feeder should be used. It is important to replace any build-up of stale feed.
- After 6 weeks poults can be put in a moveable fenced pen during the day and locked up at night.
- Turkeys should have access to insoluble grit to aid digestion.
- Clean, cool, fresh water should be available at all times. Any wet litter near water points should be removed regularly.

### FEATURES

- Produced as a pellet, so that feed wastage is minimised, digestibility is improved and separation of the feed is eliminated, ensuring a consistent intake of nutrients.
- RIVERINA TURKEY GROWER PELLETS (Medicated)* contain digestible ingredients for growing turkeys.
- Protein meals provide natural sources of the high levels of essential amino acids needed for lean growth.
- Supplementary vitamins and minerals have been included.

### QUALITY PRODUCT

- Manufactured to strict quality control standards for incoming raw materials and the finished product.
- Formulated in accordance with current research into turkey nutrition and mixed using a variety of quality raw materials.

### MEDICATION

This feed contains Bovatec® which supplies Lasalocid sodium at 95 mg/kg as an aid in the prevention of coccidiosis caused by certain *Eimeria* species.

**Please note:** Government legislation prohibits the inclusion of medication used for blackhead. Should an incidence of blackhead occur, please contact your local veterinarian.

### WITHHOLDING PERIOD

Meat - Nil.

Eggs - DO NOT USE in laying birds within 14 days of laying where eggs or egg products are to be used for human consumption or processing.

### WARNING

**Do not feed to any other poultry species.  
Do not feed to horses or other equids as may be fatal.  
Contains RAM - do not feed to cattle, sheep and other ruminants.  
Feed only to growing turkeys.**

### STORAGE

[Cool, shaded, dry conditions, away from vermin.](#)

### EXPIRY

[Six months from the date of manufacture.](#)

### PACK SIZE

20kg woven polypropylene bags.

Bulk load details available from your sales representative.

Bovatec® is a registered trademark of Alpharma. This feed is scientifically formulated for the intended species of animal and should not be fed to any other animal. It may contain medication and ingredients that may prove harmful if fed to other species.
