

RIVERINA

17% PREMIUM CRACKED LAYER MASH

PRODUCT DESCRIPTION

RIVERINA 17% PREMIUM CRACKED LAYER MASH is a complete feed for domestic laying hens from point of lay.

TYPICAL COMPOSITION

- Wheat, sorghum, cracked maize, bran & pollard, combination of protein meals, vegetable, whole sunflowers, dicalcium phosphate, coarse limestone (Calgrit), molasses, salt, bentonite, mould inhibitor, Riverina vitamin & mineral premix.
- Base raw materials may gradually change seasonally.

DIRECTIONS FOR USE

- Domestic laying hens should have unlimited access to the feed (*ad lib*).
- Feed intakes are typically 90 to 200 grams/bird/day and will vary with the season, variety of bird, lighting, shed conditions, disease status and other environmental conditions.
- Green feed and vegetable scraps can add some variety but it should only be a small part of the diet as egg production can suffer. Avoid feeding any mouldy feed.
- Clean, cool, fresh water should be available at all times.
- When hens enter the end of lay period, shell quality may deteriorate. Calgrit (coarse limestone) or shellgrit offered *ad lib* may help improve shell quality.

NUTRITIONAL ANALYSIS

PROTEIN	%	MIN:	17.00
CALCIUM	%	:	4.00

FEATURES

- Includes maize which supplies natural pigment to improve yolk colour.
- Formulated as a general purpose laying feed for household laying hens.
- RIVERINA 17% PREMIUM CRACKED LAYER MASH contains quality grain and protein meals.
- Contains coarse limestone (Calgrit) which may help improve shell quality especially towards the end of lay.
- A concentrate pellet is used to bind the fine ingredients together and reduce dust.

QUALITY PRODUCT

- Manufactured to strict quality control standards for incoming raw materials and the finished product.
- Formulated in accordance with current research into poultry nutrition and mixed using a variety of quality raw materials.

WITHHOLDING PERIOD

Nil.

WARNING

Contains RAM - do not feed to cattle, sheep and other ruminants.
Feed only to laying hens.

STORAGE

[Cool, shaded, dry conditions, away from vermin.](#)

BEST BEFORE

[Six months from the date of manufacture.](#)

PACK SIZE

20kg woven polypropylene bags.

This feed is scientifically formulated for the intended species of animal and should not be fed to any other animal. It may contain medication and ingredients that may prove harmful if fed to other species.
 Ver: 7.0

Issue Date: October 2015
